WI'S ONLY FIVE STAR SHOOTING FACILITY

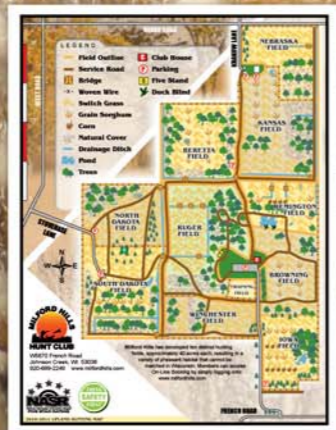

**M**ilford Hills Hunt Club offers a hunting experience that exceeds industry standards. Your birds will be released after you check in to give you the freshest field possible. We also believe your outing shouldn't include extra fees for invited guests or extra birds harvested. These perks are all part of your value added membership package.

Your hunt will take place amongst the rolling countryside of southeastern Wisconsin which provides the perfect setting for hunting game like pheasant, chukar, and quail. Our ten fields average 40 acres each and are diverse in habitat. Every field takes advantage of natural terrain to offer the true feeling of the "hunt".

Our fields have groomed switch grass to provide the best cover during the hunting season. Strips of yearly planted sorghum provide additional cover and serve as a source of food to keep those "extra" birds in the field. Natural cover in the form of wooded areas, dogwood, and other native plants give each field diversity for you and your dog to experience. Fields have ponds and ditches so your canine companions have access to fresh water during your hunt.

Visit our European style lodge, it's the perfect place to share stories after your hunt or sporting clay round. Known throughout the area for our homemade and hearty meals, the restaurant is worth the trip alone.

At Milford Hills you'll get the most complete upland game hunting experience in the Midwest. Milford Hills Hunt Club, Wisconsin's only five star shooting facility!
